ix

Introduction

3

**1. The Devils of Vitalism in Early Twentieth-Century Morphology
and a Methodological Way Out**

12

**2. “Let Us Save the Old Machine”:
Form and Organization**

27

3. The Architecture of Organisms

45

**4. Darwin without Morphology or Morphology without Darwin:
Two Alternative Evolutionary Syntheses**

66

**5. The Architect and the Scientist:
Forming Morphology with New and Unfamiliar Rules**

90

**6. A Bridge Too Far:
Internal Factors in Morphogenesis**

108

7. The Failed Attempt to Establish a New Science of Form

125

8. Morphogenesis, Constraints, and Constructions

147

9. Conflicts and Collaboration:

Konstruktionsmorphologie, Form-Finding, and Evolution

171

10. Science of Form, Evo-Devo, and a New Evolutionary Biology

191

Epilogue
